# BE SURE TO TUNE INTO STAPLES PLAYERS OTHER RADIO PRODUCTIONS. EACH ONE STARTS AT 6PM ON WWPT.

Please consider making a donation to Staples Players at [staplesplayers.com](https://staplesplayers.com)

During a "normal" year, Players earns money for production costs (sets, costumes, props, performance rights, etc) entirely from ticket sales. We all know 2020 is anything but normal - and Players needs your help! Please help us continue to provide programming for all our students AND entertainment for our greater Westport community!

We are proud to have a remarkable group of exceptional performers and technicians. Our program strives to build character and integrity in each of our students, while putting on top rated performances!

We truly appreciate any support you can give to our program. Your generosity will make the most of their hard work by helping us to maintain the level of professional productions and mentoring for our nationally recognized theatre. This includes funding our future productions! These productions require expensive scenery, special effects, costumes, lighting, props, and more! ***We are happy to offer the radio season FREE to our audiences. However, since our revenue is usually from ticket sales, donations are vital to our students' experience with the theatre arts!*** Your gift is tax-deductible and you will receive a receipt by email for your donation.

Please help these Staples Players achieve a successful season **and then share on your Facebook, Twitter, email, and/or text message.**

Any amount is helpful. Thank you for your generous support!

**Thank you from Staples Players"**

"Through Wendy I have found a newfound confidence in my voice, and I have grown more than I ever thought possible. **She is a truly inspiring person that has trained my voice to be an instrument** I am comfortable, excited and proud to use."

*-High School singer*

## The Vocal Studio of Wendy Morgan-Hunter

I have seen my son become not only more confident in his singing, but in himself as a performer. **Wendy has been a true inspiration for him to strive to do better** and perform more confidently. She is a wonderful coach and mentor!!

*- Parent of HS singer*

"Both of my girls have studied with Wendy. Not only have they received **the best vocal instruction** they have gained a mentor and friend."

*- Parent of HS singer and UCLA singer*

"Wendy is an incredible teacher. **She connects with her students on a personal level and helps them become the best they can be**- as vocalists, performers and people."

*- Parent of HS singer*

**"Wendy helped me find the magic in my singing.**

Thank you for taking my voice and adding the depth of emotion to it!"

*-Yale graduate*

Wendy is a classically trained singer, director, coach and recording artist. She has soloed, directed and conducted internationally in concerts, musicals, operas and oratorio, performing from Lincoln Center to the Greek Theatre. Wendy has helped thousands of people, young and old, enhance their unique vocal talents and share their voices with the world.

# PAINTS, PROPS, LIGHTING & SETS

## Glass of scotch for bar scenes

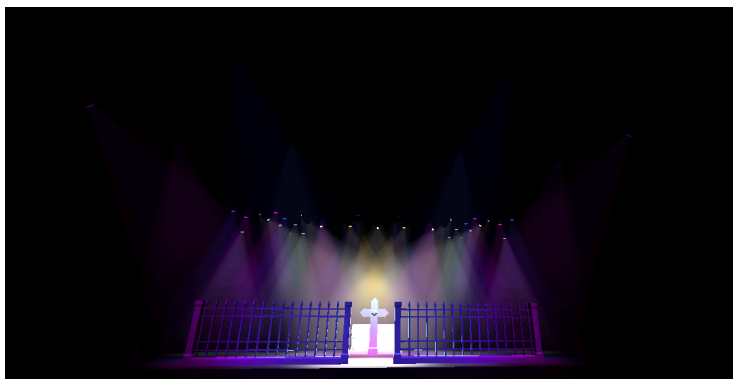

(NOTE - More than one glass can be made with different levels of the drink, some with plastic ice cubes and some without)

### Materials:

- Resin (enough to fill container halfway)
- Resin Hardener
- Fancy plastic glass
  - (Glass would be a safety hazard)
- Brown colorant (Acrylic paint or any dye)
- Plastic ice cubes (optional - depends on what that glass needs)
- Latex gloves (just so you don't get any on your hands)
- Popsicle stick (to get resin out and mix)
- Plastic cup (to mix materials before pouring into glass)

### Steps to make:

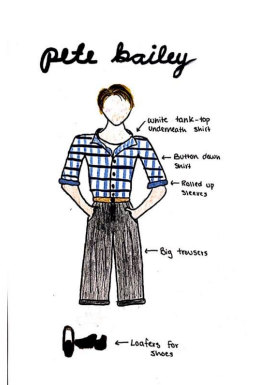

- Before starting - use water to measure the volume of the container you want to fill - that's how much resin you should use)
- Put resin out into the glass.
- Mix a hardener for the resin with the resin.
- Add the brown colorant (acrylic paint or dye - whatever works, but slowly until you get the proper color) to the resin and mix.
- Pour mix into glass until filled to the right amount.
- Add in plastic ice cubes if needed
- Let the resin dry/harden and you will have your prop!
